FINANCIAL STAFFING

WHO WE ARE

Here at BCI, we focus our efforts on the financial industry: Registered Investment Advisors, Broker/Dealers, Hedge Funds, Investment Banks, Commercial Lenders, Corporate Treasury, Family Offices, Insurance & Pension Funds, Private Equity, Structured Finance and Trading.

Specializing gives us an edge on the competition.

We fill **temporary**, **temp-to-perm** and **consulting** job openings quickly.

Experience ~ We've been working with top-tier financial firms for 15 years. We know your competitors as well as you do, and we know what kind of people it takes to keep your business running smoothly.

Network ~ We have relationships with thousands of skilled and qualified industry professionals, from clerical to senior level. We aggressively market your opening to our network, selectively presenting candidates who meet your needs.

Paperwork ~ Consider it done. We screen applicants and check their backgrounds and references to your specifications.

No Language Barrier ~ We speak your language and understand the technical side of finance. Looking for a Senior Business Analyst experienced in all phases of SDLC? How about a FINOP? No need for a translator: we're on the case.

Payroll Services ~ We'll save you the hassle of handling the payroll for your temporary and temp-to-perm hires.
